That was the year it was and will

Tomorrow is going to be a brand new day. Tomorrow, the sky will be a deep blue with small circling clouds. The leaves will be green, the grass will be green, the day will be bright. Tomorrow, we will smile. We will not worry about yesterday and today. No one will make us go to war. The walls will be torn down-we will be together—you and me. We will not have to lie, cheat, steal, deal, or hide in order to survive. Our minds will not be contaminated by the past. Overhead, the birds will reign without fear. We will be free and easy. Everyone everywhere will be a part of the same chorus. Tomorrow, there will be no kind of gaps no doubts no chaos no anarchy no enemy no violence no danger no restriction. There will be no more sorrow, tomorrow. Well, I must go now. It is time for me to wake up.

"Reflections of the time it used to be " Tearing down the established is not constructing change. Effective change evolves in modification. In considering change, who are the affecters, who are the effected? How many are the affecters, how many are the effected? Yet, the need for change is ever present. When will the change commence? What are the means? Where are the directions?

Must one be a longhair in order to be a proponent for change? Youth cry for revolution while the adult plea for restitution. The chasm widens.

Look around. Look at the world our parents helped us to build. Look, look. Now, what kind of world will we help our

children shape? We weep for you sweet children.

Shall we heap more trash-or, shall we clear the blemished land? The demand is "do it now". But may we ask "how?" How can anything bе done effectively without cooperation?

In San Francisco Mrs. H.R. Meadows tells her son Jeffrey that he

cannot play outside this morning because of the smog count. Across the country children die of emphysema, a man-made respiratory disease. Stop the world, I want to get off!

Will "change" continue to be a politician's campaign platform, and will "change" continue to be a dinner topic of conversation? And you ask me if I am being pessimistic. Well, I am being realistic. If pessimism is realistic, then, optimism is idealistic.

What is the future? It's an intangible potpourri. It's history not yet happened, and plans not yet completed. It's peace not yet found, and friends not yet made. It's love still left to give, and opportunities to pursue, and problems to solve — always problems to solve. It's changes to be made, and hope for better things. It's a time for personal action that can no longer be put off until tomorrow, for tomorrow is always today with all its possibilities. My tomorrows are a conglomeration of learning from my yesterdays so that I can give today all I have to give. Because I'm a day older, I must be a day wiser.

The future — ah! — what a concept — what a word. Hmmm . . . the future to me will be a time of definite change. Beautiful, huh? Progress galore, especially when it comes to the mental state. Do you realize! that to have an intelligent and deep and restless psyche is one of the best possessions man can obtain, for it insures change-----progress.

This year's edition of the Pfeiffer soccer team did not turn out as successful as was planned. Inexperience and several injuries to key personnel spelled defeat for the Falcons. Although they suffered a losing season, the Falcons never lost their spirit and determination. Several promising freshmen quicken hopes for next season.

The 1970-71 Pfeiffer basketball team sports six new freshmen faces along with several returning lettermen. The freshmen look is the result of the endless recruiting efforts of second-year coach Tom Childress. Although the Falcons are off to a slow start this season they should improve steadily as they gain more experience and learn to play as a unit. Sharppassing Tommy Jenkins and hot-shooting David Lee and Ray Dancy proved to be three outstanding assets to this year's team. With the improvement of Rex Mitchell, John Foy and Dennis Causey, Pfeiffer's basketball prospects look quite hopeful. These boys will have to fill the gaps left by graduating seniors Harry Comer, Dwight Kincaid, John Banner and Jim Stilwell.

It was a season of gaining valuable experience for Pfeiffer's varsity wrestling team, which was composed of all underclassmen with the exception of two returning lettermen. Numerous injuries plagued the Falcons and reduced their chances for an increased number of victories.

The team was led by experienced senior co-captains Tom Young and Bobby Black. Underclassmen standouts Bill Herberg and Bruce Rohrman provided some of the most thrilling victories of the season. Joe Benbow and Ed Sartin also produced wins in their respective weight classes. John Joyce, Brad Ketrick, and Dick Chessia supported the Falcon matmen well throughout the season.

The Pfeiffer baseball team again proved to be one of the top teams in the Carolinas Conference in 1970. Under the leadership of Coach Joe Ferebee, the Birds again won the District 26 N.A.I.A. championship. With returning lettermen at almost every position, the 1971 Falcons should be strong contenders for conference honors. Two 1970 graduates, Rick Blackwood and Ken Rhyne, joined Pfeiffer's evergrowing list of players to sign professional baseball contracts.

The 1970 edition of the Pfeiffer Falcons brought Coach Ferebee his 300th win compared with 108 losses over a 14 year career at Pfeiffer. This team won 21 and lost 11 for the 1970 season, gaining their third straight N.A.I.A. District 26 Championship. In 1968 Pfeiffer reached the National Finals. The 1969 and 1970 teams lost in the Area Tournament to barely miss the National Finals for the third straight year.

I to r: N.E. Lefko, Bert Cabotaje, Herb Mills, Rocky Thornhill, Tom Kirkland, Roger Taylor, and Paul Simpson.

Pfeiffer's '71 golf team boasts six returning lettermen. Led by Jimmy Keever, the Falcon linksmen should be strong contenders for conference honors. Paul Simpson, Bert Cabotaje, Roger Taylor, Jay Parker all return with much needed experience. The new faces of Herb Mills, Tom Kirkland and Rocky Thornlow add competition that has not been present in past seasons. Under the able leadership of Coach Lefko, the Pfeiffer greensmen should be one of the most successful teams during the spring sports.

The 1971 edition of the Pfeiffer tennis team promises to be even more successful than last year's team. Speerheaded by Eliot Campbell and Art Marshall, Coach Tom Childress' netters should be one of the school's most successful athletic teams of the year. Several freshmen such as Tom Dunham, and Tommy Delk should add needed depth at the lower end of the lineup. Returning lettermen, Eric Nuzie and Hal Johnson, show added improvement and will make the Pfeiffer racketeers even tougher to defeat.

Once upon a time, in the world of the Gods and Goddesses, Goddesses, the Goddess of Fertility and the Goddess of Humanity, were having a little chat. The Goddess of Humanity was telling her friend about her plan. You see, she was very upset over the chaotic condition of the planet Earth. Apparently, the people there were losing the meaning of a word. That word was Humanity. Of course, you can see why she was so upset. Being the Goddess of the word, if she didn't do something about it quickly she'd probably lose her job! The plan she was explaining to her friend was to cast a spell upon the people of Earth and turn them into peaceful, living, humane creatures. She felt that that was what the Earth needed. The Goddess of Fertility thought that was an excellent plan, and she should execute it immediately.

The next day the Goddess of Humanity was up at the crack of dawn. She was so excited about her plan that she commenced her flight to Earth without even eating breakfast.

When she arrived on the outskirts of Earth, something began to trouble her. What country would be the first to receive her most charitable gift? That may not appear to be such a great problem, but to her it was. You see, she'd never had the chance to exercise her Goddess-given power. Now that she was finally able to, she wanted to use it to its greatest potential. In other words, she was really going to "sock-it-to-them". After contemplating it for awhile, she finally had her "who-was-going-to-be-first" list narrowed down to one. The United States of America was going to be the privileged country to first receive her spell. How lucky they are to be "The First"!

She flew to the middle of the United States and was ready to execute her plan. With her left arm outstretched and her pinkie pointed, she shed her sweet magic upon all the people.

From there, she went to every corner of the Earth shedding her magic on all of the people until every human being was under her spell.

Fromthen on, Earth knew and lived by the word "Humanity." How beautiful, how exciting it was to live on Earth! Because from that day on Earth lived happily ever after.

Spring, 1971

Dear Classmen.

An the four years I was an active part in Pfeiffer, many changes took place in me — changes internally and externally. I came on too strong. My eighteen years of home life, I thought, was full of petty experiences. As a freshman college student I was my own self to become what I was. Instead, I turned into clay, allowing myself to be moded into what my peers wanted me to become. Don't let it happen to you.

As I leave I'll be gone in several ways. No matter how many times I return to campus, the campus will be foreign. Pkiller will reflect your mood, not ours. It just won't be the same. I'm glad. The school has grown up quite a bit, but, not enough. I hope, and I know, that it will mature even more. Help it along... for us.

Certainly we griped. If we were completely happy and had not asked for change, this place would be stale. Keep it alive and fresh.

Graduction is here. I wonder what will become of the rest of us. Take care. The memories will be sweet, with a sour aftertaste.
